Town Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Brentwood in, the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Brentwood on Tuesday, the thirteenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.
3. To see if the Town will vote to apply for State Aid and make appropriation for same.
4. To see if the Town will vote to raise and appropriate a sum not to exceed \$300 to pay for material used on County Farm Road C. W. A. project.
5. To see whether beer or other lawful alcoholic beverages shall be manufactured or sold locally as permitted under this act.
6. To see what the Town will vote to do in regard to further repairs on County Farm Road and make appropriations for same.
7. To see if the Town will vote to raise and ap-

appropriate a sum covering one half the cost of painting outside of Church and Town Hall building, providing the church will pay one-half.

8. To see what action the Town wishes to take in regard to a fire escape for Town Hall and make appropriations for same.

Given under our hands and seal this seventeenth day of February, in the year of our Lord nineteen hundred and thirty-four.

JOHN F. SWASEY,
ROBERT E. HAVICAN,
G. RUSSELL ROWE,

Selectmen of Brentwood.

A true copy of Warrant—Attest:

JOHN F. SWASEY,

Superintendent's Report

To the School Board and Citizens of Brentwood:

I herewith submit my fifth annual report. Your consideration of the following topics is solicited:

Our Objectives

Amidst the most trying period in our nation's history, I make bold to declare our objectives in education. It should be of interest to you that your schools are endeavoring to reach the goals now common to the educational world and the definite progress is being accomplished.

Some of the objectives follow:

1. To perfect the education of the whole child.
2. To create an interest in the child in his school and out activities so that he may be a useful citizen all his life.
3. To bring about an interest on the part of parents in the modern program so that better understanding of the school may be had.
4. To release some of the traditional, inefficient methods of instruction so that better methods may result in increased knowledge and power.

Our program deals not only with the mental but as well with the physical and social side of the child. Much individual attention has brought about desirable gains in the mental. Directed and supervised group

activities in play and dramatizations have attained the results needed for physical and social development. Our children must learn cooperation and self control in order to meet the demands of society. These are probably best taught through play and games. I hope our schools are meeting this problem.

More and more interest in current affairs is being manifested in our children. They are eager and anxious to know the workings of our government and society. Our upper grades promote lively discussions of these topics in almost every school day.

Parents are keen to help and often consult the teachers to know the best ways to help their children. They are ready to cooperate and promote educational welfare. I cannot commend too highly the effectiveness of the Parent-Teacher movement. We hope for still greater emphasis in this respect.

Many subjects formerly conducted as elaborate memory tests have now been succeeded by planned adjustments to fit the individual needs of the child. We have come to realize that every child has a definite need and that not everyone can be "pushed through the same mill." Each pupil has a certain mental capacity. Our aim is to reach his maximum and not beyond his power of accomplishment.

In attaining these aims and objectives, and enthusiastic and well trained teaching staff is essential. When once obtained, every inducement toward retention should be offered.

The Educational Crisis

There is an educational crisis. Thousands of our nation's children are now deprived of even the rudi-

ments of an education. School terms have been shortened by one week to six months in many states and communities. Some schools expect to operate only three months of the year. Teachers' salaries have dropped to new lows - - even lower than the minimums allowed to unskilled workers under the Codes. Our nation's schools are faced with more children and less money. Never has it been so difficult to meet these demands.

But what has this to do with our local situation? Much, in that modern means of communication have made us a whole rather than a group of separate communities. That which effects one part has a depressing effect upon the rest. We of New Hampshire have been extremely fortunate because we have succeeded in continuing our schools without very severe retrenchments. I hope it may be our ambition to keep our present establishments intact from harmful influences. Further retrenchments may be necessary but let us examine the essentials and make sure that first things come first.

School Costs

The above discussion leads naturally into local costs and some comparisons with those of your neighbors. Please remember that these are offered only in a spirit of helpfulness that you may from them draw your own conclusions. Changes in number of pupils have decided influence upon the averages, especially in the smaller districts. All the figures used are from the most recent releases of the State Board of Education.

<i>District</i>	<i>No. Elm. Pupils</i>	<i>Per Pupil Cost 1932-33</i>	<i>State Aid Per Pupil</i>	<i>Net to District</i>
Brentwood	120	58.30	19.47	38.83
Danville	85	58.52	19.36	39.16
East Kingston	37	110.90	26.17	84.73
Epping	364	48.70	14.58	34.12
Fremont	110	63.25	12.11	51.14
Kingston	163	68.32	19.56	48.76
Sandown	50	73.65	28.79	44.86
South Hampton	31	117.46	34.90	82.56
(State Median)		75.89		

Personnel

For the first time the same four teachers have been retained in their schools for a successive year, thus insuring continuity and progress. The pupil enrollment maintains a high level as you will see from examination of the attendance tables following. I wish we could more nearly approach the state average in attendance. The pupil loss in this respect is still too great.

Improvements

The School Board with the approval of the last district meeting has expended considerable of its balance in improvements. Crawley Falls and North Road Schools now have electric lights and a good supply of water has been obtained for the South Road. These improved conditions are much appreciated by the teachers and pupils and solve the problems which they have presented in the past. For future improvements I would suggest to your attention inside and outside painting. Neglect for a year or two may mean extra expense when the job is tackled.

Appreciation

Anything which may be done to evaluate the work of the schools might lead to disastrous results. I am deeply grateful to the many parents and citizens who have so faithfully helped in interpreting the schools to the general public. They have given freely of their time and ability. To the School Board and teachers, I would especially be grateful for their cooperative efforts for without them I would not be able to report a successful year notwithstanding the most restless in recent history.

Respectfully submitted,

HAROLD C. BOWLEY,

Superintendent of Schools.
